Regarding the letter dated 1/25/13:

During our conversion of software the import changed contributions that were originally reported as General. On the list you provided I have edited and restored to their original reporting. For example Automotive Free International Trade PAC's 3/15 contribution for \$5000 was originally reported for General.

For John Harris, we have refunded \$1500 of Mr. Harris 11/2012 contribution.

I apologize for the confusion.
